

Vacancy: Visual Communication Internship in Amsterdam

Studies: Communication and Information Sciences

Duration: 6 months

Commitment: Full-time

Tasks:

- CAPTURE
 - Identify and document moments of value throughout the day which will be later on used to create an edited audio-visual material suitable to share with our different target audiences.
 - Ideate and create relevant, original, high-quality audio-visual content that is in line with the social media, marketing and/or sales strategies.
 - Create audio-visual content that reflects our identity, philosophy and vision.
- TRANSLATE
 - Identify and translate our written content into audio-visual ideas that are attractive and useful for our target audiences.
- COLLECT
 - Collect and organise new and old raw film footage from various sources and shoots,
- EDIT
 - Use computer editing software programs, video switching devices, digital video effects programs and other tools to piece together film components
 - Combine diverse footage to create a cohesive and impactful story for the audience.
 - Reordering and fine-tuning content to ensure logical sequencing and smooth running of the audio-visual piece.
 - Combine visual footage with audio sound effects, dialogue, ambient sound and a musical soundtrack
 - Ensure all editing cuts, splices, changes and additions appear seamless and natural and help the story flow more effectively in the finished product
 - Continuously discover and implement new editing techniques.

Skills:

- Experience with different video edition software (e.g. Avid Media Composer, Lightworks, Premiere, After Effects and Final Cut)
- An artistic eye for video edition
- Familiarity with special effects, 3D and compositing
- Creative mind and storytelling skills
