The actual start and end dates of the study period should be included according to the following definitions:

- The start date of the study period is the first day the student has been present at the Receiving Institution. For example, this could be the start date of the first course, a welcoming event organised by the Receiving Institution, an information session for students with special needs, a language and intercultural course organised either by the Receiving Institution or other organisations (if the Sending Institution considers it relevant for the mobility).
- The end date of the study period is the last day the student had to be present at the Receiving Institution, not his actual date of departure. This is, for example, the end of exams period, courses or mandatory sitting period.
